

Dear Parent or Guardian,

Our records show that your child has a religious exemption to immunizations signed before March 1, 2014. Oregon law changed this year to remove old religious exemptions. We need new information about immunizations for your child. Please turn in the information by December, or your child may be excluded from school this winter.

- **If your child has received all the vaccines**, fill in the dates and turn in the enclosed Certificate of Immunization Status form.
- **If you would like a nonmedical exemption for your child**, you need to turn in two forms:
 1. Certificate of Immunization Status—fill in the dates of any vaccines your child has received, and fill out the nonmedical exemption section by marking the vaccines for which you would like an exemption, and sign the form.

AND

2. Vaccine Education Certificate—get this certificate after receiving the required education about immunizations from a health care practitioner or after watching the online vaccine education module. For more information, go to:
www.healthoregon.org/vaccineexemption
- **If your child needs a medical exemption**, get a letter from the doctor with the information stated on the Certificate of Immunization Status form. Medical exemptions are reviewed and approved by the health department.
