### School Goals

#### TO LET EVERY KID KNOW THAT EVERY KID COUNTS EVERY DAY!

- Quality Instruction
- Maximizing Resources
- Connection and Wellness

### State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

### Safe & Welcoming Environment

High School is an opportunity for the individual, social and intellectual growth of all students. Genuine learning and academic success depend on maintaining a safe environment for people and property, as well as promoting personal integrity. This can best be accomplished in a setting that is free from distractions, conflicts, and intimidation. Students' cooperation in knowing and following school policies and procedures is essential to maintain an atmosphere in which learning can take place. We value parents as our partners in education and in developing socially responsible young people.
